Description:

The three-day Forum is a combination of plenary, parallel working sessions, dialogue and the press conference. A photo & drawing exhibition and a Climate Change Fair will run through all three days. This will showcase a number of climate change projects, achievement records and products.

Background of the National Forum

The First National Forum on Climate Change was successfully held in October 2009.

The event sought to raise the awareness of climate change as a development challenge and to profile the growing activities, both nationally and internationally, to decision makers, donors and practitioners. The Forum was opened by the Prime Minister and received good support from multiple donors with broad participation of over 700 representatives from all sectors.

The Forum is presided by the NCCC Chairman Samdech Akka Moha Sena Padei Techo **HUN SEN**

The National Climate Change Committee of Cambodia (NCCC)

The NCCC regroups all line ministries to work together to combat Climate Change in Cambodia.

The NCCC is the main body of the Forum. Its functions are to:

- Implement Climate Change Activities
- Develop policy, strategies and action plan
- Mainstream climate change
- Enhance collaboration with all key stakeholders both nationally and international

Forum Facilitator

The Climate Change Department (CCD) of the Ministry of Environment is the main facilitator of the second national forum on Climate Change. The CCD is the secretariat of the NCCC. It plays a key role in climate change action in Cambodia.

Main Supporters:

Cambodia Climate Change Alliance (CCCA) is a joint effort of the National Climate Change Committee and key development partners, a comprehensive, innovative and programme based approach to address climate change and disaster risks in Cambodia. The CCCA operates a Trust Fund for Climate Change with inputs from the European Commission, DANIDA, UNDP and SIDA. More donors are joining this Trust Fund. Oxfam and JCCI also extend their support to the organisation of the 2nd National Forum
